

The Chairaz & The Square Chair

The Chairaz Collection

Taking "Mod" to the Max.

A hallmark of classic 60s style, the Chairaz Series is an ultra-cool example of how a high-strength, aluminum frame and clean lines can combine to create an irresistible design statement. This is nestable restaurant seating at its very best. Plus, you can choose from multiple frame, seat and back color options. Groovy!

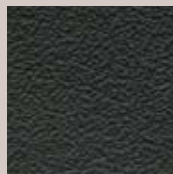

a

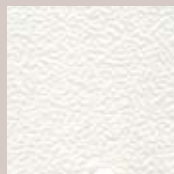

Nestable Ease

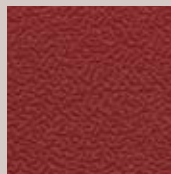

Lightweight aluminum frame allows nesting of six high.

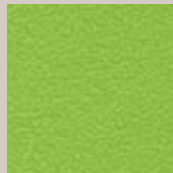

MP2 Anthracite

MP5 Federal Blue
18-4029 TP*

Surface Pallet

The Chairaz is designed with low maintenance, high density polyethylene seat and back, standard in the above six colors. Also available with optional colors. Contact MTS for ordering details.

*Color specifications from the PANTONE® Architecture and Interiors Color Selector Book. These specifications are used as guidelines for mixing all polyethylene colors. Surface textures, pigment tolerances and other circumstances may produce final colors not exact matches to actual Pantone color specifications. PANTONE is a registered trademark of Pantone, Inc.

Shown with standard COMFORTweb® upholstered seat.

The Square Chair

It's Still Hip II B Square.

Sporting a sharp, architecturally inspired design, the Square Chair sits comfortably in any environment. Ideal for restaurant, club and lounge applications, it features a uniquely sculpted wood back that joins the seat in a perfect intersection of form and function. Both wood and upholstered seat models are available. Plus, all options are backed by a five-year structural frame warranty.

Chairaz chairs and barstools feature an innovative mix of aesthetically pleasing materials, and fully contoured seats and backs, along with a classic style – inspired by visionary designer Joe Ricchio. Even better, the Chairaz weighs in at a lean 10 pounds and is 100 percent recyclable.

Designed by 2B Studio founder Bruce Sienkowski, the Square Chair compliments even the most elegant environments with a look of sophistication and contemporary style. A welcome alternative to standard seating options, it's highlighted by clean lines and sculpted backs.

Sit Green.

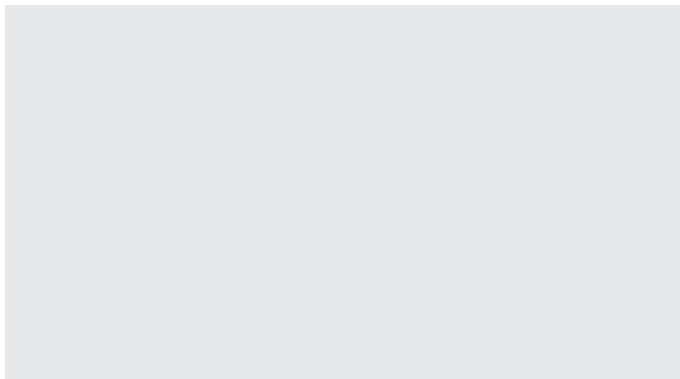

It's not just a seat. It's a style.

To combat the impact that manufacturing processes can have on our environment, MTS developed SynerGreen™. This eco-friendly philosophy was designed to make continuous environmental improvements in our processes and products without compromising sound business principles. Through aggressive recycling programs, reduced emissions, and energy conservation efforts, we're creating seating solutions that allow us all to rest a little easier.

Visit our website at mtsseating.com to find out more about our SynerGreen program and for the big picture in turnkey solutions for every seating setting. Discover performance engineering, ergonomics today's hospitality industry demands, and the design impact to make a lasting statement – whimsical to romantic, retro to regal.
