A PASSION FOR PERFORMANCE

The Kay Lang Collection brings fresh perspectives to banquet seating, with options ranging from transitional to contemporary and beyond. Choose from more than 30 standard powdercoat colors and a wide spectrum of upholstery selections. Even better, these chairs are backed by a 12-year structural frame warranty. It's dependability with a human touch, and it's only from MTS.

Also available in aluminum square leg, CF5501-A.

All Kay Lang nesting models nest seat-on-seat safely up to 10 high.

Products covered by patent #D522,776 and patents pending.

FEATURES

MTS COMFORTweb® Seat Designed for exceptional comfort during prolonged periods of sitting, the MTS COMFORTweb® technology works by interweaving flexible, rubberized polypropylene stretchbands in support of a 2¼" layer of COMFORTmode® foam padding.

MTS COMFORTflex® Seating System The Kay Lang Collection features a COMFORTflex back, which utilizes a high-strength aluminum alloy spring that allows the back to flex as the person seated moves or applies pressure to the back.

Waterfall Style Seat With a double-reinforced weltless seat seam and COMFORTmode® foam padding, this standard feature on MTS Kay Lang banquet seating provides years of reliable service and dependable comfort. Available on both the stacking and nesting models. Stacking model seat shown.

Premium Metal Floor Glides These premium metal floor glides, with rubber cushion "silencer" and nickel-plated swivel base, allow chairs to slide easily over carpet, while resisting upholstery damage and enhancing stacking convenience.

Silhouette Back All MTS Kay Lang banquet chairs feature MTS silhouette-style backs with no exposed fasteners. Silhouette-style backs are designed to provide a clean, finished appearance.

Industry's Best Frame Finish Available in more than 30 standard colors, MTS powdercoat finishes are specially formulated to protect against cracking, peeling, impact, abrasion and corrosion. Select from Solids, Metallics and more.

MTS Square Tapered Legs Slender to the eye, yet sturdy in function, tapered legs are a standard feature on all stacking models, providing a look that stands up under pressure. Round tapered legs are available on nesting models.

OPTIONS

Custom Upholstery Make a bold statement with your own custom upholstered back design. This unique upholstery customization option allows you to create a stylized back design in your choice of upholsteries, configurations and tailored details. Design custom chair backs in any upholstery combination, with multiple colors and textures.

MTS COMFORTgrip™ Get a handle on easy transportation. This ergonomically designed optional handgrip provides a comfortable grip to assist in handling the nesting models of the Kay Lang Collection.

Hand Grip MTS Kay Lang stacking models are available with a hand grip option that makes maneuverability and handling easier from storage to setup and back again.

MTS Retractable Formed Ganger An optional feature that enables MTS Kay Lang nesters to be ganged together.

Retractable Wire Ganger The MTS retractable ganger slides out of sight under the seat when not in use. Held in place with a molded nylon retainer, this device is available as an option on Kay Lang stacking models.

ProBax® Option ProBax-infused, foam-based seating subtly supports and tilts the pelvis, improving postural position in support of the spine. Offered exclusively through MTS, ProBax has been medically proven to improve comfort and alertness. Adding the ProBax option to your banquet and conference seating is another comforting way to differentiate yourself from the competition.

Kay Lang, President and CEO of Kay Lang + Associates, critically acclaimed interior designer has lent her design sensibilities to this new line of banquet seating offered exclusively from MTS.

Products covered by patent #D522,776 and patents pending.

Sit Green.

It's not just a seat. It's a style.
