New from the MTS Burgess Collection, the Lightweight VIO Stacking Chair

Temperance, Michigan – May 14, 2010 – MTS is proud to introduce the new Vio stacking chair from the MTS Burgess Collection. The Vio is an innovative, multipurpose stacking chair for use across banqueting, conference and meeting room applications.

“We are very excited about the new Vio Series,” said MTS Seating CEO Phil Swy. “The Vio’s sleek, high-tech design is something rarely seen in banquet and meeting room seating.”

With the option of a COMFORTmesh™ fabric back or a fully upholstered version – both with COMFORTflex® back and COMFORTweb® seat, comfort is assured. Both versions are fitted with an integrated contoured top-rail, for ease of handling and are available in 32 standard frame finishes. Vio chairs are extremely lightweight will stack easily up to 14 high.

The design elements that combine to create its contemporary look include a unique triangular aluminum alloy frame, which delivers remarkable strength and durability. This design naturally aligns each chair in stacking and assists in creating a tighter stack up to 14 high.

Available with an optional retractable ganging device, every Vio chair is backed by our standard, 12-year structural frame warranty.

About MTS Seating. MTS is a leading manufacturer of premium quality banquet and foodservice seating for the hospitality market. The company’s wide selection of products includes extensive lines of stackable banquet and convention chairs, folding tables and staging products, guest room task chairs, and foodservice/dining seating and tables. MTS attributes its

success to its commitment to continual product improvement and unparalleled customer satisfaction. Founded in 1955 by Paul Swy and Dean Curtis, MTS remains a family business owned and operated by the Swy family. The company is headquartered in Temperance, Michigan, with sales conducted through a nationwide network of distributors and representatives.

MTS practices sustainable manufacturing. MTS Seating is sensitive to the impact of our manufacturing on the world around us. That's why we developed and adopted the SynerGreen® philosophy to make continuous environmental improvements in our processes and products, while practicing sound business principals to focus on satisfying customer needs. In addition, MTS is proud to be the first hospitality banquet seating manufacturer to earn the GREENGUARD® Indoor Air Quality Certification on our seating product
