

INICIO

The start of something special.

Inicio means “start” in Spanish, and that’s exactly what this beautiful new addition to the MTS Burgess® Collection does—it starts hearts racing and creative juices flowing. Designed in the UK by David Hill, Inicio features a forward-sloping aluminum alloy frame combined with a unique molded wedge foam seat. The result is a chair that’s as comfortable as it is modern.

Optional two-tone seat and back upholstery allows complete control of the look you desire.

An optional retractable wire ganger slides out of sight under the seat when not in use.

All Inicio models stack leg-on-leg up to 10 high.

All Inicio models are available with the MTS COMFORTflex® Seating System. Specify CF as a prefix to model number.

ProBax
Advanced Seating Technology

For additional comfort and support, all Inicio models are available with the optional ProBax® Advanced Seating Technology. Call for details.

All models shown with optional two tone upholstery.

Make it your own.

Available in standard and COMFORTflex® versions, Inicio comes in four back styles and can be ordered with or without handholds. Customize your upholstery with the option of two-tone seat side panels and outer backs. Inicio is more than just the next evolution of a great collection; it's the start of something special.

MTS Seating is sensitive to the impact of our manufacturing on the world around us. That's why we developed and adopted the SynerGreen® philosophy to make continuous environmental improvements in our processes and products, while practicing sound business principles to focus on satisfying customer needs. In addition, MTS is proud to be the first hospitality banquet seating manufacturer to earn the GREENGUARD® Indoor Air Quality Certification on our line of stacking, banquet and restaurant seating, and in 2014, MTS received Sustainability Leader status with the MindClick Global Hospitality Sustainability Index.

Visit our website at mtsseating.com to find out more about our SynerGreen program and for the big picture in turnkey solutions for every seating setting.

Discover performance engineering, ergonomics today's hospitality industry demands, and the design impact to make a lasting statement – whimsical to romantic, retro to regal.
